3 SIMPLE STEPS

How it works

1

Tap or scan

Hold your card near any smartphone, or let them scan your QR code. Works on iPhone and Android.

2

Profile opens

Your profile loads in their browser: photo, bio, socials and contact details, all in one place.

3

Save contact

They save your full vCard in one tap: name, photo, phone, email and every social link.

POWERFUL FEATURES

Network smarter, never lose a lead

Your digital profile does the heavy lifting, so you can focus on the conversation.

NFC tap to connect

Opens your profile on any modern iPhone (XS and later) or Android. Just tap and go.

QR code & link

Put your QR and short link on slides, email signatures, Zoom backgrounds and print.

One-tap vCard save

Visitors save you as a contact instantly. No more lost or forgotten paper cards.

Lead capture

A contact-exchange form on your profile. Every lead lands in your dashboard.

Real-time analytics

See views, link clicks, and whether people found you by NFC, QR or direct link.

Update anytime

New job or new number? Edit your profile online. The card updates instantly, no reprint.

Do I need a subscription?

No. Every Ace10x account gets a free digital profile. Cards are a one-time $6, or $9 with a custom design.

What if I lose my card?

Disable it from your dashboard in seconds, then link a replacement card to the same profile.

Can I change my details?

Yes. The card stores a link, not your data, so every edit shows up on the next tap.

Make every handshake a lasting connection.

Create your free profile today and order your 10x Netcard when you're ready.
