SIMPLE & POWERFUL

How it works

1

Sign up

Create your account on ace10x.com, or install the Chrome extension and sign up there.

2

Browse LinkedIn

The Ace10x AI button appears in comment boxes, reply boxes and LinkedIn messages. Nothing else changes.

3

Generate & engage

Pick a tone, generate a comment, reply, repost thought or message, then review and post or send it yourself.

> *"The workshop was truly enlightening. I particularly appreciated the insightful discussions and the practical tools shared for enhancing our LinkedIn presence and professional visibility.*

WHY ACE10X

Stay visible without sounding robotic

Everything you need to engage consistently on LinkedIn and build real relationships, in a few minutes a day.

Context-aware AI

Reads the post's tone and topic to write relevant, human-sounding comments in 7 styles, from professional to one-liner.

NEW

Reply to comments

Click Reply under any comment and the AI answers that person's point, with the post as context.

NEW

AI message replies

In LinkedIn Messages, one click drafts your next message from the conversation, or a polite follow-up.

Repost Thoughts AI

Add your own perspective when you repost. One click turns a plain share into a conversation starter.

NEW

Prospect tracking

Save LinkedIn profiles as prospects and follow their activity, so you never miss a chance to engage.

Secure & private

Modern authentication and data isolation. We never ask for or store your LinkedIn password.
